

Art Suggestions

- Create a pattern of objects (this can be inside or outside objects). The pattern should repeat three times and then draw a picture of it.
- Paint rocks/pebbles and create a picture with them. You can use watercolor, tempera paint, acrylic paint or even just water to paint your rocks.
- Draw a picture of a family member giving them a normal head but a small body.
- Draw a spring landscape picture including things like rain, rainbows, 4 leaf clovers, Easter or blooming flowers and trees.
- Organize your hanging clothes in order of the rainbow: ROY G BIV 😊
- Plant a seed or two and water it to see if it grows.
- Draw a scene from a show or movie you watch.
- Find a way to change your bedroom by adding pictures, rearranging furniture, decorating differently or by cleaning your room. 😊
- Make a puppet from a sock. Add buttons, yarn, ribbons, cloth and use markers or pens to decorate.
- Create an animal out of a paper-plate.
- Create your own comic strip with words and pictures of what life is like while you are away from school.
- Use random objects to create something beautiful and take a picture of it or just take a picture of something beautiful to bring back for show and tell in art.
- Draw something for someone or do something nice to help someone. It might make you smile too. 😊
